Subject: **Correction of Assessment Report - Car Parking - DA/1692/2019 - 36 Laycock Street Carey Bay**

Please be advised the Council Assessment Report for DA/1692/2019 / PPSHCC-21 contains a numerical error in regard to the car parking provision under Section 48 of SEPP (HSPD) on pages 5 and 11.

Where the report stipulates 53 basement spaces are provided, it should read 51 basement spaces are provided.

This change has no substantive impact on the assessment as the car parking provision still complies with relevant requirements.
