|--------------------------|---|
| DATE OF PANEL DECISION   | 29 May 2025   |
| DATE OF PANEL BRIEFING   | 19 May 2025   |
| PANEL MEMBERS            | Alison McCabe (Chair), Roberta Ryan, Leah Anderson                      |
| APOLOGIES                | Tony McNamara   |
| DECLARATIONS OF INTEREST | Giacomo Arnott - paid social member of Raymond Terrace Bowling<br>Club. |

Papers circulated electronically on 12 May 2025.

#### MATTER DETERMINED

PPSHCC-269 – Port Stephens – DA 16-2023-735-1 at 2 Jacaranda Avenue, Raymond Terrace 2324 – Alterations and additions to bowling club (as described in Schedule 1)

#### PANEL CONSIDERATION AND DECISION

The Panel considered: the matters listed at item 6, the material listed at item 7 and the material presented at briefings and the matters observed at site inspections listed at item 8 in Schedule 1.

On the 13<sup>th</sup> of March 2025 the Panel deferred determination of this application and requested the following information to enable the Panel to properly understand the impacts of the proposal:

- (i) Preliminary engineering drawings of the stormwater and footpath works in Swan Street, as proposed by Condition 18, and any works in Port Stephens Street.
- (ii) Details of the location and type of trees in Swan Street.
- (iii) Measures required to retain the vegetation in Swan Street and how the engineering works will be designed to achieve this.
- (iv) Plans at a 1:100 scale and cross sections that show setbacks and built form at Port Stephens Street and Swan Street.
- (v) A revised landscape plan that improves landscaping on site and provides for canopy plants.
- (vi) An updated Plan of Management that details the barrier to access between the gaming room and the hotel.

The applicant has submitted amended plans and an undated Plan of Management to address the matters identified in the deferral. Council provided an addendum report dated 7 May 2025 which included updated plans and information in response to the above matters which has been considered by the Panel.

To address the Panel's concerns regarding the protection of vegetation on Swan Street, the applicant has amended the stormwater design to include on-site detention as opposed to works on Swan Street. This means that trees on Swan Street can be retained.

Additional landscaping has been provided on-site, resulting in the loss of four (4) cars. The landscape plan has been updated and cross-sections provided to demonstrate the relationship of built form to landscape and the streetscape.

The Panel is satisfied that the site is suitable to accommodate development of the scale proposed.

The landscape outcomes are satisfactory, and existing vegetation in the public domain can be maintained.

The redevelopment will deliver economic benefits to the broader region and is appropriate for the edge of the Town Centre.

The Panel considers that the proposal has merit and could be approved.

## **Development application**

The Panel determined to approve the development application pursuant to section 4.16 of the *Environmental Planning and Assessment Act 1979*.

The decision was unanimous.

## **REASONS FOR THE DECISION**

The Panel determined to approve the application for the following reasons:

- (i) The proposed development will result in economic benefits to the area through delivery of jobs.
- (ii) The impacts arising from the development can be managed and mitigated.
- (iii) The site is suitable for the development.

# CONDITIONS

The development application was approved subject to the conditions in the council addendum report.

# CONSIDERATION OF COMMUNITY VIEWS

In coming to its decision, the Panel notes that no written submissions were made during public exhibition and therefore no issues of concern were raised.
