

<b>DATE OF DEFERRAL</b>	28 October 2022
<b>PANEL MEMBERS</b>	Alison McCabe (Chair), Juliet Grant, Stephen Leathley and Roberta Ryan
<b>APOLOGIES</b>	None
<b>DECLARATIONS OF INTEREST</b>	Sandra Hutton declared a conflict of interest as her recent employer, ADW Johnson, has previously provided advice to the landowner relating to the site and the project. Jason Pauling and Luke Cubis declared conflicts of interest as they have participated in related matters previously within Council.

Papers circulated electronically on 12 October 2022.

**MATTER DEFERRED**

PPSHCC-35 – Lake Macquarie– DA/2238/2017 at 1A Flowers Drive, Catherine Hill Bay – residential subdivision (as described in Schedule 1).

The Panel has previously considered the matter at a detailed briefing meeting on 13 October 2021. At this meeting the Panel resolved to defer the matter for additional information and a further assessment report. Subsequently a significant amount of additional information has been lodged and the application amended.

The report that is before the Panel and as recommended does not fully address all aspects of the Panel's previous deferral.

The Panel also identified some inconsistency between Landscape Plans and Engineering Plans in respect to interface and boundary treatments. While it is understood some Arboricultural information has been received regarding minimising potential impact on trees within the adjoining national park – this information needs to be better documented, including how it sits with the Landscape Plan and Engineering Plans.

The application has a high level of complexity given it is a Part 4 application arising from a Part 3A Concept Approval. It is subject to a Voluntary Planning Agreement (VPA) and s34 Certification.

The Panel requires more detailed assessment of the following matters to be satisfied about the acceptability of the potential impacts arising from the development:

- i. Detailed consideration of how the reasons for deferral have been addressed.
- ii. Remediation strategy including the containment strategy and further consideration of proposed method of grouting and geotechnical implications.
- iii. Explanation of relevant section 7.11 Contribution Plans and how they are to be applied.
- iv. Details of the VPA applying to the development including timing of works.
- v. Consideration of the provisions of the Concept Approval and Statement of Commitments – specifically a statement regarding consistency or otherwise.
- vi. Specific description of offsite infrastructure works (roads, electricity, water and sewer) and the assessment of impact.
- vii. Detailed description of the mapped wetlands under the SEPP (Resilience and Hazards) 2021 and potential impacts – including height of retaining walls and assessment against the provisions.
- viii. Flowers Drive – a comparison against the controls in the Urban Design Guidelines and what is proposed including details of fencing, width of roadworks and impacts on landscape buffer.

- ix. An assessment of the layout and urban design of the subdivision – including compliance with lot sizes and amount of passive and active space required.
- x. An assessment of how Lemon Tree and Workshop Park contribute to open space requirements and the mechanisms proposed to ensure they function as open space in perpetuity.
- xi. Detail of on-site flood impacts and evacuation routes and how this is addressed or mitigated.
- xii. Completion of the Biodiversity Assessment.
- xiii. Assessment of the social impacts of the proposal with reference to additional information received.
- xiv. Plan showing what is being dedicated to Council, including a dimensioned plan showing the dedication to Flowers Drive.

This additional assessment will require conditions to be revised. The assessment is to include reference to conditions proposed to mitigate or address impacts.

#### **REASONS FOR DEFERRAL**

The Panel resolved to defer the determination of the matter for a supplementary report that addresses the matters listed at i. to xiv. above, and a revised set of conditions that reflect the outcomes of the further assessment.

The Panel expects the supplementary report to be finalised within 3-4 weeks from the date of this deferral.

When this information has been received, the Panel will determine the matter electronically.

The decision to defer the matter was unanimous. The Panel adjourned during the meeting to deliberate on the matter and formulate a resolution.

PANEL MEMBERS	
 Alison McCabe (Chair)	 Juliet Grant
 Stephen Leathley	 Roberta Ryan

**SCHEDULE 1**

<b>1</b>	<b>PANEL REF – LGA – DA NO.</b>	PPSHCC-35 – Lake Macquarie– DA/2238/2017
