---

Good afternoon Rob,

Thank you for sending the BMT West Yamba Flood Evacuation Plan (2023) and request for status of the Clarence Valley Local Flood Emergency Sub Plan for the 52/54 Miles Street, Yamba, residential lot subdivision requirements.

Our North Eastern Zone teams in the Northern Rivers have been working hard and the Yamba Sector of the Clarence Valley Flood Emergency Sub Plan has been updated and was tabled recently at the LEMC on Monday 26 February 2024. Please find the link to the current plan here [Clarence Valley Local Flood Emergency Sub Plan 2023](#). Volume 3, Chapter 2: Clarence Valley NSW SES Locality Response Arrangements includes Yamba Sector on page 47. Evacuation triggers on page 8 of the BMT West Yamba Flood Evacuation Plan are consistent with the Local Flood Emergency Sub Plan Yamba Sector.

While Volume 1 of the NSW Local Flood Emergency Sub Plans are endorsed by the LEMC, the Volume 2 and Volume 3 are tabled (don't require endorsing) and amendments entered to the plan include updates following flood events, updates to Flood Risk Management Studies and Plans, updates to Dam Emergency Plans, and updates to the State EMPLAN.

Kind regards,  
Gillian

Gillian Webber
