**DA LODGED & DAYS SINCE LODGEMENT:** 23 December 2022 (74 days)

**TENTATIVE PANEL BRIEFING DATE:** Assessment Briefing required – date TBD

**TENTATIVE PANEL DETERMINATION DATE:** TBD at Assessment Briefing

## **ISSUES LIST**

Chair reviewed attendance and introduced Kick Off Briefing purpose and process.

### **Applicant**

- Applicant requested that this matter be discussed in conjunction with PPSSCC-414 as sites are adjacent.
- Applicant provided description of proposed development, site description and context and acoustic relationship to train station and railway line
- Applicant outlined that DCP block designs have been remodelled to increase breaks between buildings.
- Applicant outlined reasoning and justification behind proposed height exceedance being non habitable roof top communal areas and associated wind screening.
- Discrepancy exists with Council on assessment of FSR – applicant to workshop this with Council directly to resolve prior to Panel determination.

### **Council**

- Council have undertaken detailed assessment and have drafted RFI, to be sent out upon finalising internal referrals.
- Council notes significant issues exist with the proposal including:
  - Access crossing RE2 and RE1 Zoned land raises permissibility issues.
  - Council does not support variations to building height.
  - Council's calculation indicates approx. 300 car parking space shortfall.
- Sydney Water have raised issues with impact upon easement and potential encroachments within easement.
- Council noted willingness to facilitate meetings and workshop with applicant to overcome issues where possible
- Council believe PPSSCC-424 and PPSSCC-414 should be handled as if they are a single application so matters can be addressed holistically.
- Notification period concluded – 2 submissions.

### **Chair**

- Notes major issues to resolve and enquired as to the applicant's awareness of these matters and their current position with relation to the issues raised.
- Advised that the panel would encourage the applicant to work with Council in a concentrated and expedited manner (including compromise) to resolve matters and enable determination within the 250 day target.
- Panel will require further briefing once assessment is further progressed. The matter is then able to proceed to Electronic Determination.

### **Note:**

Council is yet to undertake its full application assessment, so this record is not a final list of the issues they will need to consider in order to draft their recommendation.

The application is yet to be considered by the Sydney Central City Planning Panel and therefore future comment will not be limited to the detail contained within.
