To whom it may Concern,

By using the Acoustic Vent from Silence Air 240mm Passive Acoustic Wall Ventilator Model Number 10-01-01 as shown and detailed in the sketch will provide an adequate alternative cross ventilation (fresh air system) to each nominated room and to meet the following requirements:

- Acoustic recommendations
- Council requirement
- Architectural drawings
- City of Sydney Alternative Natural Ventilation of Apartments in Noisy Environments Guideline
- The requirements of the Building Code of Australia, the Environmental Planning
- Australian standards
- Relevant conditions of development consent

**STRATHFIELD COUNCIL  
RECEIVED**  
  
**DA2019/196  
24 April 2020**

I am an appropriately qualified person and have a good working knowledge of the BCA clauses and standards referenced above. The information contained in this statement is true and accurate to the best of my knowledge.
