**COUNCIL SUPPLEMENTARY ASSESSMENT REPORT –  
MODIFICATION APPLICATION  
SYDENY EASTERN CITY PLANNING PANEL**

<b>PANEL REFERENCE &amp; DA NUMBER</b>	PPSSEC-367 – MDA-2025/27
<b>PROPOSAL</b>	Modification to DA-2021/95 to an approved residential care facility including internal and external alterations, increase in bed numbers from 115 to 128 beds, modifications to basement level, roof pitch, change to façade and materials, and changes to open space areas
<b>ADDRESS</b>	Lot 2 in DP 857520 - 119 Barton Street Monterey
<b>APPLICANT</b>	Mecone Group Pty Ltd and Monterey Equity Pty Ltd
<b>OWNER</b>	Monterey Equity Pty Ltd
<b>MOD LODGEMENT DATE</b>	3 March 2025
<b>ORIGINAL DA DETERMINATION DATE</b>	29 November 2023
<b>APPLICATION TYPE</b>	Modification Application under Section 4.55(2)
<b>REGIONALLY SIGNIFICANT CRITERIA</b>	Clause 2.19(1), Clause 2 of Schedule 6 of <i>State Environmental Planning Policy (Planning Systems) 2021</i> : declares the proposal regionally significant development as development that has an estimated development cost of more than \$30 million and subject to Ministerial Directions for a modification application under S.4.55(2) of the Act that may amend a condition previously imposed by the panel.
<b>CIV</b>	Originally \$ 36,365,251.00 (excluding GST)
<b>CLAUSE 4.6 REQUESTS</b>	No change – previously approved variation to building height under clause 4.3 of the Bayside LEP 2021 to be retained.
<b>KEY SEPP/LEP</b>	Housing SEPP, Biodiversity and Conservation SEPP, Industry and Employment SEPP and Bayside LEP 2021.
<b>TOTAL &amp; UNIQUE SUBMISSIONS KEY ISSUES IN SUBMISSIONS</b>	Seven (7) unique submissions – building height, overshadowing, loss of privacy and amenity, noise, landscaping, construction impacts, setbacks, insufficient car parking and traffic congestion.
<b>DOCUMENTS SUBMITTED FOR CONSIDERATION</b>	Architectural and landscape plans, plan of management, statement of environmental effects, traffic and parking assessment, operational waste management plan and acoustic assessment.

<b>SPECIAL INFRASTRUCTURE CONTRIBUTIONS (S7.24)</b>	N/A
<b>RECOMMENDATION</b>	Approval
<b>DRAFT CONDITIONS TO APPLICANT</b>	Yes
<b>SCHEDULED MEETING DATE</b>	22 July 2025
<b>PLAN VERSION</b>	Sheet created on 20 October 2024 Revision Nos D & E
<b>PREPARED BY</b>	Michael Maloof – Senior Development Assessment Planner
<b>DATE OF REPORT</b>	21 July 2025

## BACKGROUND

---

This supplementary report addresses a comparison assessment of the modification application under both the State Environmental Planning Policy (SEPP) (Housing for Seniors or People with a Disability) 2004 and SEPP (Housing) 2021. This report should be read in conjunction with the original Planning Assessment Report for this application.

On 15 March 2021 a development application (DA-2021/95) was lodged with Council for the demolition of the existing structures and construction of a part 2 and part 3 storey residential aged care facility comprising of 112 rooms (115 beds), basement level parking, front fencing and signage. This application was approved by the Sydney Eastern City Planning Panel on 21 December 2021.

On the 26 November 2021 the SEPP (Housing) 2021 commenced in law. In this regard, DA-2021/95 was made, but not determined, before the commencement date of the SEPP Housing 2021. As such, the provisions of the SEPP (Housing for Seniors or People with a Disability) 2004 (hereon called SEPP Seniors Living 2004) continue to apply to the application.

The provisions of the SEPP (Seniors Living) 2004 were inserted into Chapter 3 of the SEPP (Housing) 2021 which is Part 5 Housing for Seniors and People with a Disability prior to its repeal. The SEPP (Seniors Living) 2004 was repealed on 26 November 2021.

## EXECUTIVE SUMMARY

---

This supplementary report details a comparison assessment of the modification application under both SEPP Seniors Living 2004 and SEPP Housing 2021. This has been written for the Sydney Eastern City Planning Panel in considering the determination of the modification application (MDA-2025/27) at 119 Barton Street Monterey.

The key development standards in the SEPP Seniors Living 2004 were inserted into SEPP Housing 2021 apart from the single storey height restriction located in the rear 25% of the site pursuant to clause 40(4)(c) of SEPP Seniors Living 2004.

Specifically, this supplementary report addresses the modification application in respect to the relevant provisions of each SEPP and demonstrates how the scheme satisfies the requirements of each. A comparison is contained in Appendix 1 of this report.

## **STATUTORY CONSIDERATIONS**

---

Schedule 7A of the SEPP Housing 2021 contains savings and transitional provisions which state the following:

### **2 General savings provision**

- (1) This Policy does not apply to the following matters—
  - (a) a development application made, but not yet determined, on or before the commencement date,
  - (b) to (d) ....
  - (da) an application to modify a development consent granted after the commencement date, if it relates to a development application made, but not determined, on or before the commencement date,
  - (e) ....

Based on the above, the SEPP Housing 2021 does not apply to the previously approved development application (DA-2021/95) nor the modification application submitted for the site. As such, the modification application has been assessed in a comparison table with the relevant analogous provisions of the SEPP Seniors Living 2004. This is outlined in the table in Appendix 1 below.

The proposal includes minor changes to the previously approved development which were discussed in the previous planning assessment report (e.g. rationalising the internal layout of the facility, courtyard design, setbacks, and the like). Notwithstanding the minor changes, the modification proposed is generally consistent with the previous approval in respect to the relevant provisions of SEPP Housing 2021. In this regard, the direct comparison of these nearly identical provisions has been outlined in the table in Appendix 1. The provisions are the same apart from the single storey height restriction pursuant to clause 40(4)(c) of SEPP Seniors Living 2004 which relates to the building height in the rear 25% of the site. This development standard was not carried over (deleted) in SEPP Housing 2021.

Considering the above, the proposed modification is acceptable as the extent of change does not alter the basis of assessment under the relevant provisions of each planning instrument (i.e., each SEPP).

## **CONCLUSION**

---

The modification application has been considered in respect to the provisions of both SEPP Seniors Living 2004 and SEPP Housing 2021. Based on a thorough assessment of the planning controls, it is considered that the application can be supported. The proposal is acceptable despite minor differences between the relevant provisions of each SEPP, and the modified scheme is consistent with the overall layout and intent of the previously approval. The site is suitable for the proposal and the modification will retain the scope of the previous approval. Subject to the amended conditions, the proposal will not exceed the constraints of the site and is acceptable in this regard.

## RECOMMENDATION

---

It is recommended:

- That the Modification Application No MDA-2025/27 to DA-2021/95 to an approved residential care facility including internal and external alterations, increase in bed numbers from 115 to 128 beds, modifications to basement level, roof pitch, change to façade and materials, and changes to open space areas at 119 Barton Street Monterey be APPROVED pursuant to Section 4.55(2) of the Environmental Planning and Assessment Act 1979 subject to the draft conditions of consent attached to the previous planning assessment report at Attachment A; and
- Pursuant to Clause 118 of the *Environmental Planning and Assessment Regulation 2021*, a notice of determination is to be prepared by Council following the Panel's determination of this modification application.

## APPENDIX 1 – COMPARISON BETWEEN SEPP SENIORS LIVING 2004 AND SEPP HOUSING 2021

Seniors Living SEPP 2004				Housing SEPP 2021 - Equivalent / New Provision			
SEPP (Housing for Seniors or People with a Disability) 2004 (Standard)	Requirement	Proposal	Complies with Seniors Living SEPP	SEPP (Housing) 2021 Standard	Requirement	Proposal	Complies with Housing SEPP
CI 26 - Location / Access to Facilities	<p>Access within 400m max from site to shops / banks / retail / commercial services / GP / community services / recreation facilities and accessed by suitable pathway max 1:14</p> <p>Public transport (available minimum once between 8am – 12pm and 12-6pm daily Monday to Friday) and within 400m of site and accessible by suitable pathway</p>	<p>A Clause 26 report has been submitted which details three footpath locations that are required to be improved to allow compliance with the gradient requirements.</p>	<p>Yes - subject to footpath works being carried out at three locations to ensure gradients comply.</p> <p>Yes</p>	Clause 94	Similar provisions	<p>Acceptable as the site benefits from the access to these services as detailed in the previous clause 26 report.</p> <p>As detailed in the original SEE submitted with the application and addressed in the assessment report for the approved DA.</p>	Yes
CI 28 – Water and Sewer	<p>A consent authority must not consent to a development application made pursuant to this Chapter unless the consent authority is satisfied, by written evidence, that the housing will be connected to a reticulated water system and have adequate facilities for the removal or disposal of sewage</p>	<p>The site currently has access to water and sewer services - provision exists in the street. A Section 73 will be required prior to Occupation Certificate.</p>	Yes	Removed	Similar provisions	<p>No change to assessment.</p>	Yes

Seniors Living SEPP 2004				Housing SEPP 2021 - Equivalent / New Provision			
SEPP (Housing for Seniors or People with a Disability) 2004 (Standard)	Requirement	Proposal	Complies with Seniors Living SEPP	SEPP (Housing) 2021 Standard	Requirement	Proposal	Complies with Housing SEPP
Cl 29 - Compatibility Criteria	<p>Consideration to be given to clause 25(5)(b)(i), (iii) &amp; (v) including whether the proposed development is compatible with the surrounding land uses having regard to:</p> <p>(i) The natural environment (including known significant environmental values, resources or hazards) and the existing uses and approved uses of land in the vicinity of the proposed development</p> <p>(iii) The services and infrastructure that are or will be available to meet the demands arising from the proposed development (particularly, retail, community, medical and transport services having regard to the location and access requirements set out in clause 26) and any proposed financial arrangements for infrastructure provision.</p>	<p>The proposed development exceeds the maximum permitted height and does not comply with the rear setback requirements in the SEPP. The proposal will result in adverse scale and visual bulk impacts to surrounding residents and the height variation is not supported by Council officers nor the Council's Design Review Panel. The layout of the proposal is not supported by the Design Review Panel who recommended that an orthogonal scheme be provided in lieu of the diagonal scheme proposed. The Panel were of the view that the proposed scheme would result in visual bulk impacts despite the breaks in the built form.</p>	No	<b>Cl. 97 – Refers to the Design of Seniors Housing and references Schedule 8</b>	<p>See response in row below for amenity provisions.</p>	<p>See response in row below for amenity provisions.</p>	No change

Seniors Living SEPP 2004				Housing SEPP 2021 - Equivalent / New Provision			
SEPP (Housing for Seniors or People with a Disability) 2004 (Standard)	Requirement	Proposal	Complies with Seniors Living SEPP	SEPP (Housing) 2021 Standard	Requirement	Proposal	Complies with Housing SEPP
	(v) Without limiting any other criteria, the impact that the bulk, scale, built form and character of the proposed development is likely to have on the existing uses, approved uses and future uses of land in the vicinity of the development.						
CI 33 – Neighbourhood Amenity and Streetscape	<p>New buildings to contribute to the quality and identity of the area</p> <p>Maintain reasonable neighbourhood amenity and appropriate residential character</p> <p>Front setbacks in sympathy with existing building line</p> <p>Planting in sympathy with streetscape</p> <p>Retain major existing trees</p>	<p>The proposal has been amended to improve its relationship with Barton Street, increase setbacks from adjoining boundaries to 6m and reduced its intensity.</p> <p>However, the proposal remains part three storey and will result in adverse scale and visual impacts when viewed from surrounding properties.</p> <p>The Council's Design Review Panel have reviewed the scheme and is not supportive.</p>	No - see Note 1	<b>CI. 97 – Schedule 8 Point 1. Neighbourhood amenity and streetscape</b>	<p>Seniors housing should be designed to—</p> <p>(a) recognise the operational, functional and economic requirements of residential care facilities, which typically require a different building shape from other residential accommodation, and</p> <p>(b) recognise the desirable elements of—</p> <p>(i) the location's current character, or</p> <p>(ii) for precincts undergoing a transition—the future character of the location so new buildings contribute to the quality and identity of the area, and</p>	<p>Proposal has a different building shape as per (a) however proposal has not demonstrated that they have recognised the desirable elements of the sites current character – i.e. 2 storey development with orthogonal form as per DRP comments. The proposal also results in adverse impacts to surrounding properties, including the three storey walls adjacent to the boundary.</p>	<p><b>No change - However, the proposal is consistent with the previously approved development, apart from minor changes to the external appearance.</b></p> <p><b>Generally acceptable given the modifications are consistent with the overall approval and building layout in respect to this clause.</b></p>

Seniors Living SEPP 2004				Housing SEPP 2021 - Equivalent / New Provision				
SEPP (Housing for Seniors or People with a Disability) 2004 (Standard)	Requirement	Proposal	Complies with Seniors Living SEPP	SEPP (Housing) 2021 Standard	Requirement	Proposal	Complies with Housing SEPP	
					<ul style="list-style-type: none"> <li>(c) complement heritage conservation areas and heritage items in the area, and</li> <li>(d) maintain reasonable neighbourhood amenity and appropriate residential character by— <ul style="list-style-type: none"> <li>(i) providing building setbacks to reduce bulk and overshadowing, and</li> <li>(ii) using building form and siting that relates to the site's land form, and</li> <li>(iii) adopting building heights at the street frontage that are compatible in scale with adjacent buildings, and</li> <li>(iv) considering, where buildings are located on the boundary, the impact of the boundary walls on neighbours, and</li> <li>(e) set back the front building on the site generally in line with the existing building line, and</li> <li>(f) include plants reasonably similar to</li> </ul> </li> </ul>

					other plants in the street, and (g) retain, wherever reasonable, significant trees, and (h) prevent the construction of a building in a riparian zone.		
CI 34 – Visual and Acoustic Privacy	Appropriate location and design of windows and balconies and the use of screening devices and landscaping  Locating bedrooms away from driveways, parking areas and paths	The proposal is surrounded by rear yards of 18 detached dwellings and 6 villas. The proposal aims to reduce visual privacy impacts by orienting the building on angles to minimise overlooking. However given the significant number of windows, juliette style balconies and large common terrace at level 2, the proposal will result in adverse visual privacy to adjoining properties. While setbacks to boundaries have been increased to allow additional planting, several areas are unable to contain trees due to conflicts with the stormwater system. Planning Principles also confirm that reliance on planting cannot be used to address privacy. Council's Environmental	No	CI. 97 – Schedule 8 Point 2. Visual and Acoustic Privacy	Appropriate location and design of windows and balconies and the use of screening devices and landscaping  Locating bedrooms away from driveways, parking areas and paths	No change to assessment	<b>NO – Consistent with the previously approved development, apart from minor changes to the side and rear setbacks.</b>  <b>Generally acceptable given the modifications are consistent with the overall approval and building layout in respect to this provision.</b>
