**ADDENDUM TO PRELIMINARY SITE INVESTIGATION REPORT – SAFEWORK RECORDS SEARCH  
PROPOSED CHAMPAGNAT CATHOLIC COLLEGE PAGEWOOD DEVELOPMENT – STAGE 3  
35 DONOVAN AVENUE, MAROUBRA, NSW**

JK Environments (JKE) were engaged by Quinn O'Hanlon Architects Pty Ltd on behalf of Sydney Catholic Schools ('the client') to undertake a Preliminary Site Investigation (PSI) (Ref: E33356PD rpt, dated 10 August 2020) for the proposed Champagnat Catholic College Stage 3 development at the Champagnat Catholic College, 35 Donovan Avenue, NSW ('the site').

This letter forms an addendum to the JKE PSI report referenced above titled: *"Report to Sydney Catholic Schools On Preliminary Site Investigation For Proposed Champagnat Catholic College Pagewood Development – Stage 3 At Champagnat Catholic College, 35 Donovan Avenue, NSW"* and presents the findings of the SafeWork NSW records following receipt by JKE.

The SafeWork NSW records (attached in Appendix A) did not identify any licenses to store dangerous goods including underground fuel storage tanks (USTs), above ground storage tanks (ASTs) or chemicals at the site.

The NSW SafeWork records do not alter the conclusions and recommendations of the PSI report. This letter should be read in conjunction with the PSI report.

This letter has been prepared for the particular project described and no responsibility is accepted for the use of any part of this letter in any other context or for any other purpose. Copyright in this letter is the property of JKE.

JKE has used a degree of care, skill and diligence normally exercised by consulting engineers/scientists in similar circumstances and locality. No other warranty expressed or implied is made or intended. Subject to payment of all fees, the client alone shall have a licence to use this letter.

Please contact the undersigned if you have any questions.
