MATTER DETERMINED

PPSSNH-314– Northern Beaches – Mod 2022/0204 at Lot 1 DP166322 691 Pittwater Road, Dee Why 2099 Modification of Development Consent DA2020/0272 for demolition and construction of a mixed-use building (shop-top boarding house).

PANEL CONSIDERATION AND DECISION

The Panel considered: the matters listed at item 6, the material listed at item 7 and the material presented at meetings and briefings and the matters observed at site inspections listed at item 8 in Schedule 1.

Application for modification of consent

The Panel determined to approve the application for modification of development consent pursuant to section 4.55 of the *Environmental Planning and Assessment Act 1979*.

The decision was unanimous.

REASONS FOR THE DECISION

The Panel determined to approve the application for the reasons outlined below and in Council's Assessment Report.

The modifications pertain to minor alterations to the exterior of the building and internal changes to rooms including new balconies and the manager's room.

The Panel concurs with Council that the changes sought are substantially the same as the approved development and that the modifications do not materially impact surrounding properties, the environment or the quality of accommodation. Additionally, the Panel concurs with Council that the modifications generally seek to enhance the amenity of the accommodation without compromising the integrity or quality of the design.

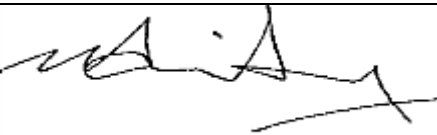

The Panel notes the modification has been properly assessed against relevant planning controls and believes approval of the modification would be in the public interest.

CONDITIONS

The application for modification of development consent was approved subject to the amended conditions in Council's email of 26th October 2022, which corrected typos in the Assessment Report conditions and amended the conditions to include landscaping plans and changed sliding door security arrangements.

CONSIDERATION OF COMMUNITY VIEWS

In coming to its decision, the Panel considered two written submissions made during public exhibition noted issues of concern included, size of apartments, parking, overdevelopment and streetscape. The Panel considers that concerns raised by the community have been adequately addressed in the Assessment Report.
