Dear Sir,

**RE: CONCRETE POUR BREAKS
PROPOSED MIXED USE RETAIL & RESIDENTIAL DEVELOPMENT
CNR BALFOUR ST & PACIFIC HIGHWAY, LINDFIELD**

Concrete pour breaks must be as per what is documented in our structural drawings. Concrete placement shall not be interrupted or stopped during each pour. Stopping or pausing concrete placement during each pour will undermine the adequacy and integrity of the structure. Conquest must ensure that the concrete placement for each pour is continuous and uninterrupted.

Yours faithfully,

TIAN MENG
Senior Structural Engineer
