<sup>1</sup> An 'actual' conflict of interests is where there is a direct conflict between a member's duties and responsibilities and their private interests or other duties.

<sup>2</sup> A 'potential' conflict of interests is where a panel member has a private interest or other duty that could conflict with their duties as a panel member in the future.

<sup>3</sup> A 'reasonably perceived' conflict of interests is where a person could reasonably perceive that a panel member's private interests or other duties are likely to improperly influence the performance of their duties as a panel member, whether or not this is in fact the case.

I am currently working on Class 1 Land and Environment Court appeals for Georges River Council. I work with the Legal Section, not the planning section and am an independent expert witness. I have not worked on any matter that has been dealt with by the current Panel. As my acting for the Council and also being on the Panel is a perceived conflict of interest, I have not participated in Georges River Panel matters at all.
