Project Understanding

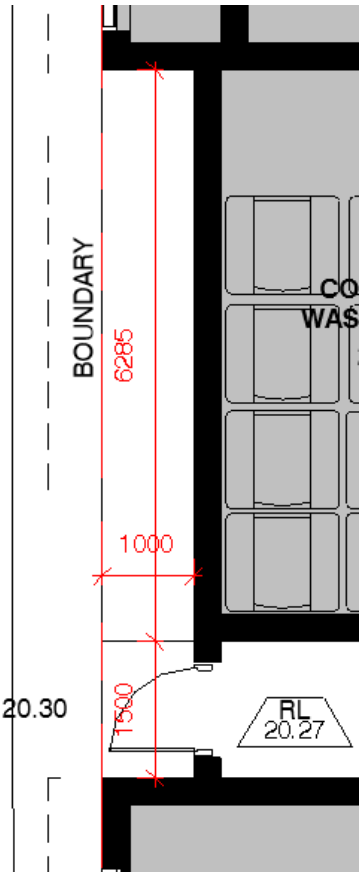

167 Northumberland St
Liverpool

167 Northumberland Street, Liverpool NSW will be a 32 storey mixed use development including commercial floor space and 163 serviced apartments over 2 basement parking levels with associated public domain works.

Meriton was advised by Council to incorporate art to add character and improve visual amenity to ground level blank wall.

The ground floor plan for the proposed development shows a blank wall on ground level facing Laurantus Serviceway (i.e. between booster cupboard and BOH pedestrian entry). Include a planting bed in front of the blank wall and incorporate art to add character and improve visual amenity.

(wall area 6290 x 4600)
