A photograph of a large, dense shrub or small tree with numerous white flowers. The plant is in full bloom, with the white flowers contrasting sharply against the green foliage. The background shows more trees and a clear blue sky.

A large, dense, bushy plant with vibrant red, feathery flowers and green foliage, growing in a white container. The plant is overflowing with numerous small, bright red flowers that create a striking contrast with the green leaves. It is situated outdoors, with a paved area and a road visible in the background.

A large, dense bush of purple flowers, likely Salvia, growing in a garden bed. The flowers are small and numerous, creating a vibrant purple mass. The leaves are green and serrated. The bush is situated next to a light-colored stone or concrete wall. In the background, there are trees and other garden plants.

A large, dense bush of purple flowers, likely Salvia, in a garden setting. The flowers are small and numerous, creating a vibrant purple mass. The leaves are green and serrated. The bush is situated in a garden bed with a light-colored border. In the background, there are trees and a dark structure, possibly a trellis or fence.

A photograph of a lush garden bed. In the foreground, there are large, broad-leafed plants with bright green leaves. Behind them, tall, thin grasses or reeds grow densely. In the background, a wooden fence or railing is visible, and beyond that, a body of water and a bridge can be seen under a clear sky.

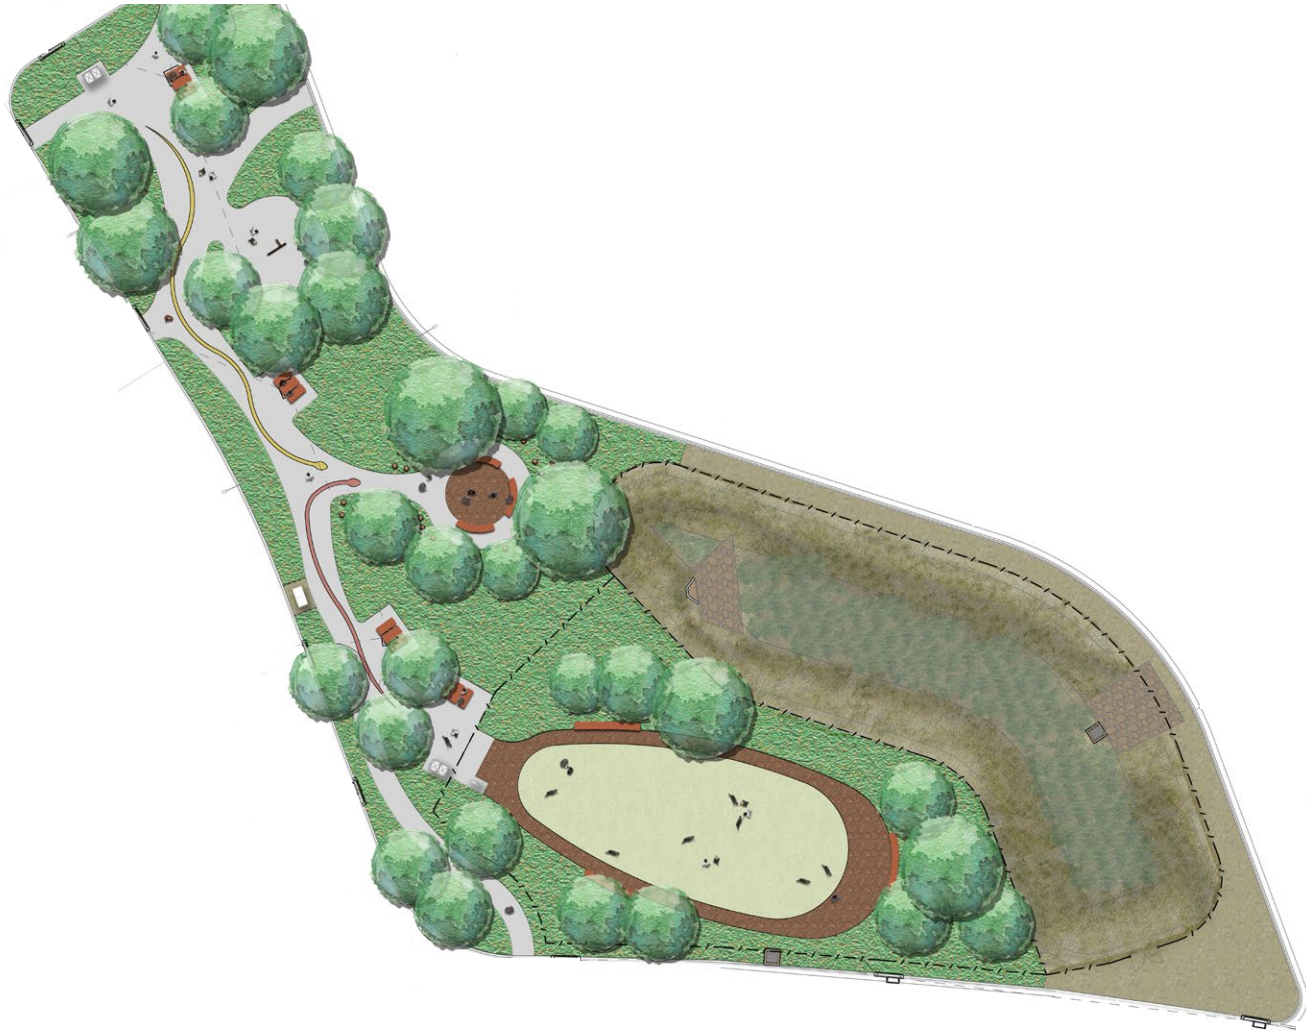

A large, dense clump of tall, feathery grass, likely a fountain grass, growing in a garden bed next to a sidewalk and a staircase. The grass has long, thin blades and large, airy, tan-colored seed heads. The background shows a concrete sidewalk, a black metal staircase, and other green foliage.
