---

Hi Jacqueline,

Thanks for our discussion earlier. Please see below correspondence from Arup. Does this assist with your final condition wording?

Tyrecycle are also happy to commit to preparation of the updated fire risk assessment as a condition of consent?

Thanks  
Luke

Hi Luke,

Please see note from Arup below regarding fire safety measures.

Thanks,  
Megan

**CAUTION:** This email originated from outside the organisation.

Hi Megan,

As discussed, the following is provided for council, to clarify the fire safety measures required to be implemented as part of the modification application:

- The fire safety measures to be implemented contained within the Technical Note.

Note:

1. Tyrecycle has advised us that all relevant the fire safety measures documented in the fire risk assessment report have been implemented or are planning on being implemented (i.e. additional thermal cameras).
2. It is intended that an updated FRA will be produced consolidating the existing FRA and the Technical Note.

Kind Regards,  
Lizzie Sieverts
