**PROPOSED ALTERATIONS TO EXISTING APPROVED WASTE MANAGEMENT FACILITY,  
1725A ELIZABETH DRIVE, BADGERYS CREEK**

Dear Sir/Madam

Reference is made to Council's correspondence dated 13 August 2019, regarding the abovementioned application which was referred to Roads and Maritime Services for comments.

Roads and Maritime has reviewed the submitted application and raises no objection to the application of the proposed alterations to the existing approval.

Roads and Maritime is currently investigating the proposed M12 Motorway Project and the subject property is within the broad investigation area. Roads and Maritime has now defined a preferred corridor for further examination.

The investigation to date indicates the subject property is partly within the preferred corridor. It is emphasised however, that the proposal may change, as it has not yet been approved and it is not possible at this date to provide any definite information as to the likely requirement of any part of the property. The applicant can contact the Project Team on 1800 703 457 or at [mail wsip@rms.nsw.gov.au](mailto:wsip@rms.nsw.gov.au).

Any enquiries in relation to this application can be directed to Sandra Grimes on 02 9563 8651 or via email at [development.sydney@rms.nsw.gov.au](mailto:development.sydney@rms.nsw.gov.au).

Yours sincerely

**Pahee Rathan**
