

Audio Recording of Panel Meeting

An audio recording of the following meeting is not available for:

PPSWES-19 – Federation – DA2019/223

28 Bridge Road, Corowa

Development Application (DA) for the construction of new buildings and associated works for the new Corowa Aquatic Centre.

The land to which the proposal relates to has historically been used as an outdoor swim centre, with this use having ceased in recent years. The old pool was considered unsustainable due to its ongoing maintenance requirements and it being restricted to seasonal usage. The existing structures have since been decommissioned and approved for demolition.

Since the decommissioning, the centre has become dilapidated and unutilised, leaving the local population of Corowa without access to a public swimming pool. The proposal is to reinstate the subject land with a new aquatic centre to replace the old facility and provide Corowa with access to new contemporary indoor and outdoor pools for sport and leisure during all seasons.

The meeting was held:

When: Monday 16 March 2020

Where: Corowa Civic Centre

The Western Regional Planning Panel is unable to publish an audio recording. Should anyone wish to review a video of the file it is available by request.

A written record of the panel's decision is available on the Planning Panels website.
