Attention: Logan Rigby

Classified roads Lake Macquarie LGA: PP-2022-3944, Administrative Amendment - Schedule 2 Exempt Development - Placement of A-frame signage on footpaths, subject to a criteria

I refer to the abovementioned Planning Proposal referred to Transport for NSW (TfNSW) on 18 January 2023 for comment in accordance with section 3.34(2)(d) of the EP&A Act.

TfNSW key interests are the safety and efficiency of the transport network, the needs of our customers and the integration of land use and transport in accordance with the *Future Transport Strategy*.

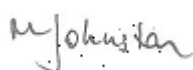

TfNSW has reviewed the referred information and provides the following comments to assist the consent authority:

TfNSW has no objections to the amendment of the LMLEP2014 for the placement of A-frame signage on Council owned land on classified roads as proposed in the Post Gateway – Draft Planning Proposal.

TfNSW agreement is provided in line with the exemption provisions numbered 1 - 15 and any other approvals required under the *Local Government Act 1993* and the *Roads Act 1993*. It is understood that Council will have vested powers to remove and impound A-frame signage that does not meet the exempt criteria.

On Council's determination of this matter, please forward a copy of the Notice of Determination to TfNSW for our records. Should you require further information please contact Tim Chapman, Development Services Case Officer, on 1300 207 783 or 0412274356 or by emailing development.north@transport.nsw.gov.au.

Yours faithfully
