### REZONING REVIEW

2018SNH017 – Willoughby - RR\_2018\_WILLO\_001\_00 at 1-31 Walter Street and 462 Willoughby Road Willoughby (AS DESCRIBED IN SCHEDULE 1)

Reason for Review:

- ☒ The council has notified the proponent that the request to prepare a planning proposal has not been supported
- ☐ The council has failed to indicate its support 90 days after the proponent submitted a request to prepare a planning proposal or took too long to submit the proposal after indicating its support

### PANEL CONSIDERATION AND DECISION

The Panel considered: the material listed at item 4 and the matters raised and/or observed at meetings and site inspections listed at item 5 in Schedule 1.

Based on this review, the Panel determined that the proposed instrument:

- ☐ **should** be submitted for a Gateway determination because the proposal has demonstrated strategic and site specific merit
- ☒ **should not** be submitted for a Gateway determination because the proposal has
- ☐ not demonstrated strategic merit
  - ☒ has demonstrated strategic merit but not site specific merit

The decision was unanimous not to proceed to Gateway.

### REASONS FOR THE DECISION

In regard to strategic merit, the Panel is of the view that the proposed scale and density of the development with a FSR of 2:1 (plus 5% affordable housing) is too great for the site and the Panel questions the public benefit in the proposal. However, the majority of the Panel would recommend to the delegate that a reduced density and scale in the following form may be acceptable:

- The land zoning for 3-31 Walter Street, Willoughby be amended from R3 Medium Density Residential to R4 High Density Residential;
- The height of buildings be amended to 24m for 3-13A Walter Street and 27m for 15-31 Walter Street, Willoughby;
- The FSR for 3-31 Walter Street, Willoughby be amended from 0.9:1 to 1.5:1 (including affordable housing which shall be provided on site and not via a financial contribution);
- Amend clause 6.10(g) of the WLEP 2012 to require a minimum development lot size of 2000m<sup>2</sup>.
- The deletion of 462 Willoughby Road so that it retains its current zoning and development standards;

- Creation of site-specific DCP controls

Linda McClure and Gail Giles-Gidney are of the view that a FSR of 1.5:1, including affordable housing, is too great for the site because it pre-empts the Council's housing review study, and because of their concerns regarding inadequate infrastructure, including education, public transport and road capacity.
