**Attachments:** Economic Impacts Statement.pdf; Priority Project-Fast Track Submission.pdf

To whom this may concern,

This email provides a submission requesting the acceleration of the Planning Proposal for 93 Bridge Rd, Westmead, which seeks to deliver a \$500 million vertical health village within Westmead Health, Education and Innovation Precinct. The Project meets the criteria for acceleration as it creates significant jobs, demonstrates shovel readiness, delivers significant public benefit, and strategic merit.

Attached is a more detailed Priority Project/Fast Track Submission and an Economic Impacts Statement.

The following provides a link to the addendum recently submitted to Parramatta Council to address the inclusion of BTR within the development.

The full Planning Proposal, as originally submitted to Council in March 2019, may be accessed via the following link. Please note that the intention is for documentation to be revised following discussions with Council and the Department in relation to BTR and the related amendments.

Based on the information contained in the Submission and supporting documentation, it is requested that Government fast track the Project as part of Tranche 2.

Kind regards,
