**Subject:** Meeting Minutes 4/03 - Ramsgate Planning Proposal  
**Attachments:** 220304 Minutes - Council, TfNSW, WSP (Ramsgate Village).pdf

Hi All,

See attached minutes of our meeting held on Friday 4/03. Please forward this to WSP if required.

Thank you again for meeting with us, it was a productive session, and we appreciate your time and feedback.

The immediate actions following the meeting were:

1. SJB to provide a set of **plans showing dimensions of the street wall setbacks** (we will be providing this in the next day)
2. T&P to provide a **desktop prevailing wind analysis** for the outdoor plaza (we are currently in the process of engaging a wind engineer to undertake the analysis and are expecting a report in the next 2 weeks)
3. TfNSW to provide Tim Rogers with updated **traffic counts**

We are working with our consultants in response to further comments made in the meeting.  
I'll keep Harkirat up to date with how we are tracking over the coming weeks.

Kind regards,  
Kim
