Subject: Consultation on proposed Carpark Extension of Existing McDonald's Operation at 543 Forest Road, Bexley.

Dear Resident,

We are writing to inform you about a proposed development that may affect you. On behalf of our Client, McDonald's Australia Limited (McDonald's), SLR Consulting Limited (SLR) is seeking approval to extend the existing McDonald's car park at 543 Forest Road into the adjoining property at 1 Highworth Avenue.

The purpose of the car park extension is to help alleviate traffic queuing and congestion issues that are currently experienced on the McDonald's site and which often impacts Highworth Avenue. A Draft Concept Plan of the extended carpark is included at Attachment A.

The project is currently at 'Planning Proposal' stage where McDonald's are seeking approval from the Department of Planning, Housing and Infrastructure (DPHI) to include an Additional Permitted Use (APU) to Schedule 1 of the *Bayside Local Environmental Plan 2021* (BLEP 2021) at 1 Highworth Avenue, noting that this site's residential zoning does not currently permit the car park extension. Should approval be obtained from the DPHI, a Development Application (DA) will be sought from Bayside Council.

McDonald's is committed to engaging with the local community to gather views and seek to address any concerns you may have.
