

**Office of the Secretary**

Our ref: 15/12639

Ms Lindy Deitz  
Acting General Manager  
Campbelltown City Council  
PO Box 57  
CAMPBELLTOWN NSW 2560

Dear Ms Deitz

**Determination of application for a site compatibility certificate for Lot 1 Pembroke Road, Minto - State Environmental Planning Policy (Infrastructure) 2007 (Infrastructure SEPP)**

I have determined the application for a site compatibility certificate under clause 19(5) of the Infrastructure SEPP by issuing a certificate to permit multi dwelling housing, subject to requirements specified in Schedule 2 of the certificate (clause 19(7)). I have attached a copy of the certificate for your records.

I request that any section 149(5) certificate issued for any area in the "impacted zone", as delineated at Tab B, should include a notation which indicates that the area includes an area identified as an "impacted zone", which has residual contamination and is therefore subject to additional environmental requirements prior to any development of the land.

If you have any questions in relation to this matter, please contact Catherine Van Laeren, Director, Sydney Region West, on 9860 1520.

Yours sincerely

Carolyn McNally  
Secretary
