Dear Ms Meyer

**Application for a site compatibility certificate – Concord RSL Club –
SCC_2018_CANAD_002_00**

I am writing in regard to the site compatibility certificate lodged with the Department of Planning, Industry and Environment on 23 October 2018. The application seeks a site compatibility certificate (SCC) at the Concord RSL Club at 1 Nullawarra Avenue, Concord.

As you are aware, the Department has previously advised that the application is inadequate for assessment due to:

- Inadequate owners consent information; and
- Insufficient information to demonstrate that the club is still operating as a registered club.

The letter dated 16 December 2019 requested that the information be provided by 24 January 2020. Should the information not be provided by this date, it was advised that the application will be returned as inadequate.

No information was provided in response to this letter. As such, I advise that the application is returned as incomplete. Any future SCC application must be lodged as a new application for assessment.

If you have any more questions, please contact Mr Kris Walsh, Acting Manager, Eastern and South District, at the Department of Planning, Industry and Environment on 9274 6299.

Yours sincerely

Brett Whitworth
Deputy Secretary
Greater Sydney, Place and Infrastructure
