is consultant ecologist working with  
1996-2001 in QLD.

is made to the Waterbrook Bayview  
opment on the Powerful Owls breed  
f development.

ssociated with The Powerful Owl P  
nted Powerful Owls frequenting the  
of the proposed development at B  
016 to 2019. A pair of Powerful Ow  
the golf course since 2009, with the  
f works. Fledglings and their paren  
and roost habitually in riparian pa  
ne proposed site of development. A

the first fledglings from the

e of development and for three night  
within the boundary of the golf course  
Bayview. These chicks are presumed  
d site of development within 20m of  
were not sighted there directly. The  
ting record was within 70m of south
