Assessment of Merits of Planning Agreement

The Planning Purpose of the Planning Agreement

In accordance with section 93F(2) of the Act, the Planning Agreement has the following public purpose:

- the provision of (or the recoupment of the cost of providing) public amenities or public services.

The Minister and the Developer have assessed the Planning Agreement and both hold the view that the provisions of the Planning Agreement provide a reasonable means of achieving the public purpose set out above. This is because it will ensure that the Developer makes appropriate contributions towards the provision of infrastructure, facilities and services referred to in clause 6.1 of the LEP.

How the Planning Agreement Promotes the Public Interest

The Planning Agreement promotes the public interest by ensuring that an appropriate contribution is made towards the provision of infrastructure, facilities and services to satisfy needs that arise from development of the Subject Land.

How the Planning Agreement Promotes the Objects of the Act

The Planning Agreement promotes the objects of the Act by encouraging:

- the promotion and co-ordination of the orderly and economic use and development of land.

The Planning Agreement promotes the objects of the Act set out above by requiring the Developer to make a contribution towards the provision of infrastructure, facilities and services referred to in clause 6.1 of the LEP.

The Developer's offer to contribute towards the provision of State infrastructure will have a positive public impact as funds from the Developer will be available towards the provision of infrastructure, facilities and services referred to in clause 6.1 of LEP.

Requirements relating to Construction, Occupation and Subdivision Certificates

The Planning Agreement does not specify requirements that must be complied with prior to the issue of a construction certificate or an occupation certificate.

The Planning Agreement requires each instalment of the monetary contribution to be paid prior to the issue of the relevant subdivision certificate and therefore contains a restriction on the issue of a subdivision certificate within the meaning of section 109J(1)(c1) of the Act.
