- 11 Station Rd Pty Ltd (ACN 658 720 579) in its capacity as trustee of the 11stationrd Trust;
- Bandaly Hussary; and
- William John Reeves

(together, the **Developer**).

Description of the Subject Land

The Planning Agreement applies to Lot 31 in Deposited Plan 10718 known as 11 Station Road, Menangle Park NSW 2563 (**Subject Land**).

Description of the Proposed Development

The Developer is seeking to subdivide the Subject Land into approximately sixteen (16) Torrens title lots and associated infrastructure, including demolition, road construction, drainage, earthworks and servicing works, generally in accordance with Development Application No. 2407/2022/DA-SW which has been lodged with Campbelltown City Council

(Proposed Development). The Developer has made an offer to the Minister to enter into the Planning Agreement in connection with the Proposed Development.

An indicative plan of the Proposed Development is at the end of this explanatory note.

Summary of Objectives, Nature and Effect of the Planning Agreement

The Planning Agreement provides that the Developer will make a monetary contribution of \$12,000 per residential lot (subject to indexation in accordance with the Planning Agreement) (**Development Contribution**) for the purposes of the provision of designated State public infrastructure within the meaning of clause 6.1 of *Campbelltown Local Environmental Plan 2015 (LEP)*.

Assessment of Merits of Planning Agreement

The Public Purpose of the Planning Agreement

In accordance with section 7.4(2) of the Act, the Planning Agreement has the following public purpose:

- the provision of (or the recoupment of the cost of providing) public amenities or public services;
- the provision of (or the recoupment of the cost of providing) transport or other infrastructure relating to land.

The Minister and the Developer have assessed the Planning Agreement and both hold the view that the provisions of the Planning Agreement provide a reasonable means of achieving the public purpose set out above. This is because it will ensure that the Developer makes an appropriate contribution towards the provision of infrastructure, facilities and services.

How the Planning Agreement Promotes the Public Interest

The Planning Agreement promotes the public interest by ensuring that an appropriate contribution is made towards the provision of infrastructure, facilities and services to satisfy needs that arise from development of the Subject Land.

The Developer's offer to contribute towards the provision of designated State public infrastructure will have a positive impact on the public who will ultimately use it.

Requirements relating to Construction, Occupation and Subdivision Certificates

The Planning Agreement does not specify requirements that must be complied with prior to the issue of a construction certificate or an occupation certificate.

The Planning Agreement requires an instalment of the Development Contribution to be paid prior to the issue of the relevant subdivision certificate and therefore contains a restriction on the issue of a subdivision certificate within the meaning of section 6.15(1)(d) of the Act.
