

Legend:

Existing infrastructure	Existing Low Voltage Powerline/Pole
Proposed changes	Proposed Power Connection
Existing Concrete Apron	Essential Energy Exclusion Zone <small>Source: Look Up and Live</small>
Existing Unsealed All Weather Access Road	Powerline Safety Markers
Proposed Internal All-Weather Access and Workpad (At Natural Grade)	Telstra Buried Phoneline
Proposed Light Vehicle Parking Area	2m Contour (generated from NSW Spatial Data Elvis LIDAR Data, 2021)
Proposed Tree Screen	Hydrography (NSW Spatial Services hydroline data, 2021)
Existing Tree Screen	Existing Bund (~600mm step up tapered to natural grade at edges)
Proposed Tree Removal (Non-Native)	Concreted Area
Project Area	Existing Internal Fence-line
Registered Lot 3 Boundary of Lot 3 (Indicative) Per DP1193185	Existing Internal Wire Fencing
Active Testing Area	External Fencing and Corner Posts
Conventional Farm Shed Lighting	Distance from Project Area Boundary to Lot 3 Boundary
Existing In-Ground Septic and Rainwater Tanks and Transpiration Area	Proposed Awning
Slurry Tank	<small>Note: All existing and proposed setbacks have been determined from cadastral and aerial imagery.</small>
Diesel Tank	<small>All distances in metres, unless otherwise noted.</small>
Pipeline to Rainwater Tank	<small>Refer to detailed building and elevations plans</small>
Pipeline to Slurry Tank	<small>GDA2020 +/- <2m accuracy</small>
Sump
