FINALISATION OF PLANNING PROPOSAL FOR THE NEW CUMBERLAND LOCAL ENVIRONMENTAL PLAN

Cumberland City Council is pleased to formally provide the Planning Proposal for the new Cumberland Local Environmental Plan (LEP) to the Department of Planning, Industry and Environment for finalisation and plan making in accordance with Phase 6 of the LEP Review program and agreed State Government milestones for the accelerated LEP Funding Grant.

I understand the Department has already commenced its assessment of the planning proposal, following Council's consideration and endorsement of the draft LEP at its meeting on 15 July 2020, while Council officers continue to work with the e-planning team to finalise the LEP mapping.

A copy of the Planning Proposal and supporting documentation is provided with this letter for your information.

A single Cumberland LEP providing a unified set of planning controls is a significant milestone in our amalgamation process, and I wish to thank the Department for its support and assistance throughout the LEP Review. I look forward to the plan being officially made.

Should you have any enquiries regarding this matter, please contact Council's Executive Manager City Strategy, Monica Cologna on 02 8757 9901 or by email to monica.cologna@cumberland.nsw.gov.au.

Yours faithfully

Daniel Cavallo
DIRECTOR ENVIRONMENT AND PLANNING
