Subject: Planning proposal (PP-2022-3979) to amend State Environmental Planning Policy (Precincts – Western Parkland City) 2021, to rezone the Appin (Part) Precinct site for urban development and conservation purposes, and associated amendments

Dear Mr Taylor

I am writing to inform you that a Gateway determination has been issued for the above planning proposal. The proposal was forwarded by the Planning Secretary to the Minister under section 3.34(1) of the *Environmental Planning and Assessment Act 1979* (the Act) on 10 November 2022. The proposal seeks to rezone the site from RU2 – Rural Landscape to C2 – Environmental Conservation, UDZ – Urban development Zone and SP2 Infrastructure, for the provision of approximately 12,000 new homes, local centres, potential school sites and secure a substantial amount of conservation land contributing to koala corridors.

As delegate of the Minister for Planning, I have determined that the planning proposal should proceed subject to the conditions in the enclosed gateway determination.

I note that the proposal has largely been updated to address the final feedback arising from the Technical Assurance Panel program. One outstanding matter is the identification and visual representation of the Outer Sydney Orbital Stage 2 (OSO2). Although the alignment of the OSO2 has been shown as agreed in the Technical Assurance Panel program, it has been labelled as ‘North-South Connection’ and is visually shown as a lesser road to the ‘East-West Connection’. The proposal must be updated to accurately reflect the role and function of the OSO2 following public exhibition, including potential refinement of the intersection of the OSO2 with the East-West Connection.

The planning proposal will be publicly exhibited for a minimum of 28 days as required under section 3.34(2)(c) and clause 4 of Schedule 1 of the Act. The timeframe for completing the planning proposal is to be 8 months from the date of the Gateway determination

Department of Planning and Environment

Should you have any enquiries about this matter, I have arranged for Adrian Hohenzollern, Director Western (Metro West) to assist you on 9860 1505.

Yours sincerely
